The Raider 1972-1973

When things go wrong as they sometimes will
When the Road you're trudging seems uphill
When the funds are low and the debts are high
When care is pressing you down a bit
Rest if you must, but don't you quit

Life is queer with its twists and turns
As everyone of us sometimes learns
And many a fellow turns about
When he might have won had he stuck it out
Don't give up though the pace seems slow
You may succeed with another blow

Often the goal is nearer than
It seems to a faint and faltering man
Often the struggler has given up

When he might have captured the victor's cup
And he learned too late when the night came down
How close he was to the golden crown

Success is failure turned inside out
The silver of the clouds of doubt
And you can never tell how close you are
It may be near when you're hardest hit
It's when things seem worse that you mustn't quit!

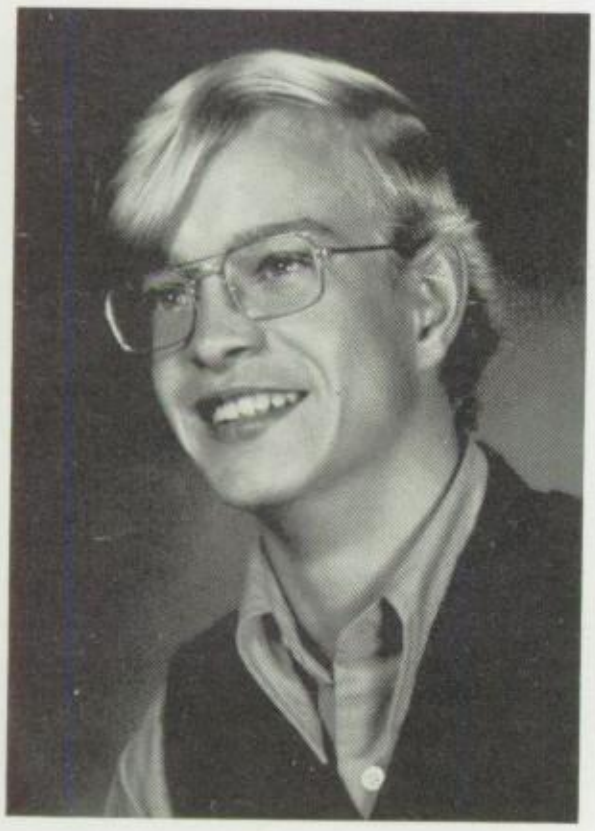
WE REMEMBER



Bruce Van Hal was an active student at EHS. He was a varsity wrestler, an officer in FFA, an officer of the Junior class, and a friend to all.

Bruce died on July 9, 1972. This tribute to Bruce is too late. We can only remember him; we are unable to tell him that he was fun to be with or that we appreciated his being nice to all of us. Why didn't we tell him when he was alive?

Take my hand someone,
I'm not sure which way to turn.
Before me lies an unknown hallway
That beckons me to leave.
Don't let me pause--
Just take my hand,
Because I feel so very young.

Maybe the greatest tribute we can give to Bruce is remembering how he treated others and try to do the same.

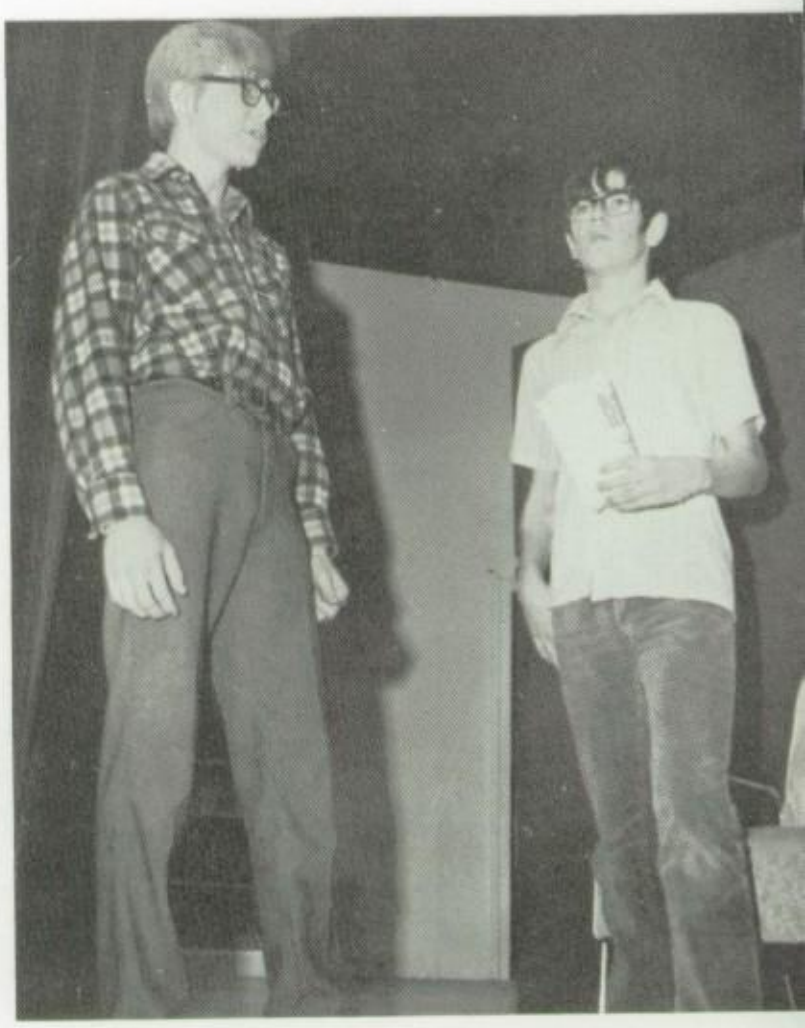
Unforgettable moments

October 5th and 6th were chosen as the traditional days for the Homecoming festivities. Excitement seemed to sparkle all through the school as everyone worked on floats, the gym floor, the stage, the bonfire, and individual plans. The week finally reached its climax as the fanfare echoed throughout the gym coronation night. The curtain opened as our reigning Royalty, Mary Beth Goodnature and Brian Wayne, made their final walk before observing the new candidates. Next Mr. Tracy introduced the football team. Easing the tension was chairman of the school board, Elmer Vanden Heuvel. The big moment finally arrived as Brian Wayne crowned Tim Donovan as our new king. The crowd waited a brief moment as the crown was adjusted to fit Tim's head. But finally Tim crowned Deb Grosland as our new queen.

A perfect week was ended with the dance following the victory over Morristown.

JR. CLASS PLAY

"The Courtship of Eddie's Father"



The Junior Class Play, "The Courtship of Eddie's Father", was held on November 11, 1972. Eddie (Todd Born) played matchmaker for his widowed father, Tom (Stan Mork). Eddie advised his father that girls with squinty eyes were bad, that nice girls in the comic books always had round eyes. Eddie tried to separate Tom from the squinty-eyed Rita and arrange a courtship between Tom and round-eyed Elizabeth. Perhaps Eddie's comic books were right, because Tom soon realized that Rita was selfish and Elizabeth was the girl for him. The play ended humorously with Tom practicing proposing with Eddie playing Elizabeth. Neither realized that Elizabeth was listening. Elizabeth accepted and both Tom and Eddie were happy.

VALENTINE'S

Suspense grows as cupid crowns his pairs

On February 16, the gym was filled with anxious spectators awaiting the crowning of the 1973 Valentine's Royalty. As the candidates walked in, they were accompanied by Badge. Speaking over the fire alarm was Mistress of Ceremonies, Laurie Wayne. The suspense grew as last year's Prince and Princess Mike Marcus and Deb DeVriendt crowned the ninth grade candidates Spencer Kubat and Pam Cornelius. Last year's King, Gary Motz, blindingly set the crown on Dan Donovan's head. Dan crowned Joan Ahlstrom as the new Valentine's Queen. Following the coronation was the dance, which was enjoyed by all.

SR. CLASS PLAY

Adrift in New York

The Senior Class presented the play, "Adrift In New York", on Friday, April 13.

"Curses, foiled again," says the villain as another scheme fails. Francis Desmond (Bruce Hunter) sends the heroine, sweet Nellie, (Sarah Farr) to New York, where he says he will make her a great star. Meanwhile, he plots to take away the old homestead from Nell's father, and connives to put honest Jack Merriwell (John Bryant), Nell's boy friend, in jail for a murder Jack did not commit.

Does father keep the old homestead? Is Jack Proven innocent and does he win back Nell? Does good triumph over evil?

The gay-90's melodrama was complete with an old-time vaudeville show.

PROM

Stairway to the Stars

The Junior-Senior Prom and Banquet was held on May 12, 1973. Dave Lieberg acted as Master of Ceremonies for the banquet. One of the highlights of the banquet was Stan Mork singing a vocal solo entitled "Stairway to the Stars". Jo Ribbe and Pam Stokke read the senior class prophecy, and an acknowledgement of thanks was given by Deb Loberg. These proved to be both amusing and relaxing after the delicious meal.

After the banquet the grand march was held in the gym while the band, Kilo, filled the air with the song "Nights in White Satin".

Long hours of hard work were put forth to make the night memorable and the evening proved to be quite successful.

The Class of '73

A small class of 48 received their diplomas this year. The class of 1973 seemed to leave a mark on everyone's heart.

Gowned in reverent robes the graduates sat through the formal program and then marched one by one across the stage to receive their diplomas from Elmer Vanden Heuvel, chairman of the board of education. The main address was given by the valedictorian Margo Jensen and the salutatorian Bruce Hunter.

The 1973 graduating class selected for its flower a blue-tipped white rose; class colors, blue and white; and class motto, "I am Not Afraid of Tomorrow, For I Have Seen Yesterday and I Love Today."

The class of '73 departed with both light and heavy hearts; each one taking a different path. Memories of EHS will always be a part of them.

Team becomes conference Tri-Champs

The Ellendale-Geneva Raiders closed their season by defeating the Janesville Bears and grabbing a share of the Gopher conference title. The win put the team into a three way tie for the conference title with New Richland and Janesville. The Raiders only conference loss during the season was to New Richland. Ellendale's last conference championship was in 1966.

The 1972 B-squad completed a successful 5-0 season. The team was very strong defensively, allowing only one of its opponents to score. Such a defensive performance shows that the B-squadders had the necessary desire, aggressiveness, and pride. Offensively, they had problems throughout the season, scoring just often enough to win. As a result, all the games were close to the very last. There were many boys on this year's B-squad who had the desire, ability, and enthusiasm to make a fine contribution on the A-squad next year. The highest compliment to give a football team is to say that they are hitters. These boys were hitters.

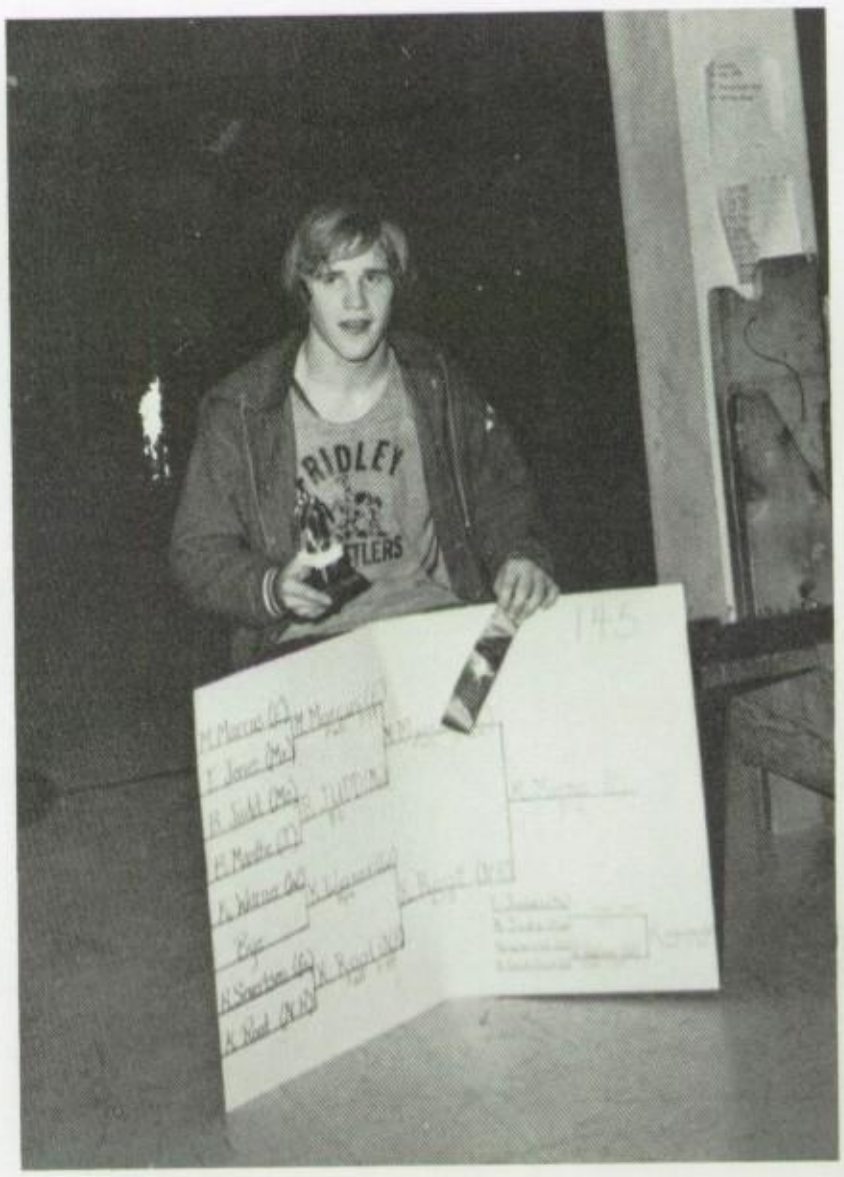
A SQUAD WRESTLING

Experience gained

One of the highlights of the wrestling year was completely overpowering the other teams at the St. Clair Invitational. There were seven first place and five second place individual winners. Besides being Gopher Conference champion Mike Marcus took second place in the district and advanced to the regional. A successful season is looked forward to next year with eight returning lettermen.

The B-squad wrestlers finished the season with a 3-5 record in the Conference. This record does not show or give the wrestlers the credit they deserve. The B-squad is young; it consisted of mostly 8th and 9th graders, a couple of 10th graders, and an 11th grader from time to time. With a few years experience they will be on top, as they showed in the 7th and 8th grade Conference tournament by taking first. They must keep the 100% attitude, the will to win, the drive to work hard, and their ability to never give up.

"Ref, he's trying to take my shoe off," Mike Knutson gasps.



Mike Marcus holds his trophy and ribbon for Gopher Conference Championship.

A SQUAD BASKETBALL

Capability proved through winning holiday tournament

The varsity basketball team of 1972-73 finished their season with twelve wins and nine losses. Their goal was to complete another good year like the one last year. The team pulled through with their best.

The Raiders competed against the Hayfield Vikings in the tournaments and put forth a fine showing.

Coach Mr. Peterson commented that winning the Christmas tournament was the highlight of the year.

B SQUAD BASKETBALL

Fundamentals gained through strict training program

The future looks promising for Ellendale through the fine performances put forth by the B-squad basketball team. The team defeated Owatonna Marian this year for the first time with a 52-32 victory.

The C-squad had a very successful 1972-73 season. The 7th grade ended the season with a 5-1 record. The 8th grade had a 5-2 record. The strong point for both teams was a steady, hard working defense. The boys on both teams showed a lot of progress toward gaining a sound understanding of the basics during the year. After the fine showing on the floor and hard work in practice, we can look forward to some fine ball from these young men in the future.

Leading scorers for the 7th grade were Rick Berg, Dave Clausen, Dean Peterson, Rick Koziolek, and Chip Vangen. Some standouts on defense were Dave Clausen, Rick Berg, and Chip Vangen. The 8th grade leading scorers were Todd Wayne, Gordy Goette, and Jeff Jensen. Those three boys were also standouts on defense.

BASEBALL

The Raiders finished their 1973 season with a 13-5 record. The team won the Sub-District II championship by defeating Freeborn, 8-3. In the District II title game, the Raiders were defeated by the Hayfield Vikings. The contest lasted nearly three hours and ended in a 6-5 loss.

The team's greatest asset was its experienced returning lettermen.

Desire to win takes team far

This past year proved to be very successful for the Ellendale-Geneva track team. Outstanding performances were put forth and ten school records were broken.

The team placed first in the District II Class "B" track meet and nine runners won the right to advance to Region competition. It was a team effort which won the District with all members performing well.

Five of the nine members going to the Region meet participated in the State Track Meet at St. Cloud. They were as follows: Dave Lieberg, shot-put; Dave Dunn, 180-yard low hurdles; and Dave Lieberg, Gordy Carroll, Perry Peterson, and Curt Burshem, sprint medley. Sophomore Dave Dunn had the success of placing fifth at State in the 180-yard low hurdles.

CHEERLEADERS

Girls gain lasting memories

A wider variety of emotions couldn't be expressed by any other organization in the school. A cheerleader faces her greatest emotion of happiness when her names is announced at tryouts. Pride is felt from knowing that they cheered for a team that did their best. There is the disappointment of waiting all summer for the uniforms to come and when they do, the sweater does not fit anyway. But any girl who has ever been a cheerleader knows that it is surely worth it all.

One lesson that was learned and will be remembered by all who experienced it was to never leave your pom-poms and Raider jackets under the bleachers. No one ever knows what might end up down there !

ORGANIZATIONS

STUDENT COUNCIL, FTA

The lounge is painted!

The STUDENT COUNCIL worked very hard this past year. They put on dances, painted the lounge, bought a new stereo system for the lounge, and revised and rewrote the Student Handbook. Talks were held with surrounding Student Councils exchanging thoughts, ideas, and pop.

The Student Council would like to give a special thanks to Kris Munson for spilling green paint on the red carpet in the lounge, and to Pam Christensen for respilling it.

This past year the FTA enjoyed invading other schools. In November, Deb Grosland, Deb Loberg, Deb Sloan, Glori Tufte, and Nancy Swearingen lived in Wabasha for two days. There was an odd queerness about the whole trip. Between swallows, you could hear, "I can't wait to get home!" In March, Pam and Kris Stokke, Sue Wayne, Jo Ribbe, and Shelly Halter ventured to Buffalo Lake. They returned with a report that the boys were lacking some of the qualities found in those around here. What a surprise!

FOREIGN STUDENTS

A new touch of foreign flare

The girls at Ellendale-Geneva High School were quite pleased this year to have the pleasure of two male foreign students this year instead of the usual one female AFS student. Nikki Torres from the Philippines was our first guest. He stayed at the William Whelan home. Nikki only stayed for a short time, but his smiling face really brightened up the school while he was here.

Our second welcome guest was John-Pierre Moens from Belgium. John stayed at the Leighton Langlie home during his two week visit. During his stay he stole the hearts of many. John visited our community to experience small town living as well as the big city life. His knowledge of the U.S. was growing rapidly.

SR. BAND

Band receives three stars at district

The Ellendale-Geneva High School Band is made up of students from grade 8 through grade 12. Students earn one trimester of credit each year for active participation in the band program.

The band makes several appearances each year. Besides entertaining at pep fests and athletic events, the band presents four formal concerts each year. In the spring, several members of the band participate in the annual District II Solo and Ensemble Contest, following this, the full band ensemble takes part in the large group or full band contest. The summer months bring forth the largest number of appearances by the band with nine concerts scheduled in Geneva and Ellendale plus several out of town parade appearances. Again, on June 5, 1973, the band will march in the annual North Iowa Band Festival Parade which is always looked forward to with anticipation by the band members. Students are encouraged to participate in the band program and through this participation it is hoped that each student will develop a better understanding and appreciation for music. Also, performing opportunities give the student a chance to develop musical skills and confidence in themselves that will make them more sensitive and positive about music during their entire lives.

Chorus proves to be small but powerful

This year the Senior High Chorus started out quite large, but towards the end of the year decreased a bit in size due to the longer Senior High noon hours. The open noon hours took away the Homeroom and chorus period. The ones who did stay wanted to sing and sound good; they proved themselves well.

The chorus sang for all the concerts and also sang for Baccalaureate in the spring. They sang many different selections, a couple were "Day by Day" and "Morning has Broken".

FHA reaches out to help

The Ellendale Chapter of the Future Homemakers of America devoted a lot of their time to "helping" this year. They visited the Owatonna Nursing Home several times throughout the year. They worked together with the FFA on a community project to beautify the area of Ellendale. The annual District and State meetings were also attended. The FHA held a style show in which members modeled fashions of long ago. Ending the year was the traditional Mother-Daughter Banquet.

The FHA also had the pleasure of having three male members this year.

During the year the Ellendale Future Farmers of America Chapter had moderately successful moments with their activities. The FFA was able to send five delegates to the National FFA convention in Kansas City, Missouri. This was an experience they felt few other organizations in the school could match.

Community service and helping others is a big part of the FFA program. A total of $394 was given to Camp Courage from the annual Corn Drive. Over 200 pheasants were raised and released in the local area. The FFA worked together with the FHA and the Lions Club for a community service project. They also held their annual Parent-son banquet to present awards and recognize accomplishments of individuals.

Probably one of the most outstanding accomplishments was the Dairy Judging Team placing second in the District Contest. The team consisted of Rick Seath, Jim Demmer, Jim Kaplan, and Dave Kasper.

LETTERMEN, PEP CLUB
SR. GRA, JR. GRA

Clubs strive for better school spirit

The Pep Club had its second booming year. Organizing them in skits, sign-making, and totally screaming their heads off, were the advisor, Miss Rollins and President Laurie Wayne.

Besides rooting for the one and only "RAIDERS", there were many hilarious moments—like when Kris's skirts kept falling down during a skit, or how about the night they made signs and Jo spilled red ink all over the hall floor, so Harry and her spent an hour cleaning it up.

ANNUAL STAFF, PAPERSTAFF, CAMERA CLUB

Headache no. 105

Looking at an annual, no one would ever imagine how much work there is to it. Due to circumstances beyond the members control, things were even more difficult this year. A number of hours were spent writing stories, drawing layouts, cropping pictures, and getting ads. Work went smooth and easy this year because the staff got along quite well. Although it was commented, "we might as well forget about the annual this year", the annual did get finished.

The Paperstaff was highlighted this year by having a bottle of correction fluid spilled on the typing room carpet by LuAnn Lee. We had the privilege of receiving a new mimeograph machine that only worked half the time. With the help of a few hard working Junior girls, the paper made most of its deadlines.

The camera club had the privilege of purchasing a new enlarger this year. Better, clearer pictures were developed through the hard work and pride of the members.

DECLAM

Ease in public speaking is mastered

About thirty students participated in Declam. Subdistrict and district contests were held here this year. Laurie Wayne competed in the regional contest. Eight students also participated in the one-act play contest; a cutting from "Tell Me That You Love Me, Junie Moon" was entered.

The MAJORETTES practiced hard all summer getting ready for the summer band concerts and parades. The highlight of the summer parades was marching in the North Iowa Band Festival at Mason City. Then fall rolled around and the majorettes were seen twirling at many of the football games. In the winter, they twirled at many of the EHS basketball games and highlighted the halftime entertainment at the District Basketball Tournaments.

New trimester system proves successful

Mr. Wayne Stokke:
Elementary Principal.

The world is in a constant state of flux. Consequently, in order for the world of education to understand and provide for comprehension of this changing and dynamic world, education must progress to reveal reality.

This past school year we have experienced a great many changes. Perhaps the most noticeable of the changes is the new trimester curriculum. The emphasis has been on student choice and involvement. Choice implies freedom and freedom demands responsibility. All too often we are tempted to accept a freer state but are unwilling to realize our obligations to maintain that freedom.

The price of freedom (academic or otherwise) is always worth it. I feel we have progressed this year. We have made strides in a direction that can provide a better world because of our experience at Ellendale-Geneva High School. My most sincere wish is that we may continue to do so in the future.

These were the thoughts of Principal Mr. James for the 1972-73 school year.

CLASSES

Sad and happy moments are felt

S cared to death to walk in those gigantic halls for the first time as they are about to begin Kindergarten.

E lementary--always having fun, waiting for recess, noon, milk break, and, of course, that first love.

N ever wanting to go back to grade school, because now they are big 7th graders with lockers and a different teacher every hour. "Let's hurry, we've only got 3 minutes to get to class."

I dols!" "Oh, I wish we were able to do things the way seniors do. But we're only in 8th grade." Funny, though, you don't think you're so neat when you are a senior.

O ccasions--When they turn into Sophomores, they're finally old enough to go to those weekend gatherings!

R eady to be a Junior, they take on the responsibility of the concession stands, Jr. Class Play, Prom, and they receive their class rings. They mature alot because by now most of them have their driver's license and their first car.

S cared again, because this spells Seniors. It means EHS days are over and the world outside is alot bigger than the halls were 12 years ago.

Juniors learn to face more responsibility

The Class of "74" has always been known to do everything different. They received their class rings in the fall of 1972 instead of the winter.

Their major project this year was the Junior-Senior Prom. They also decorated the floor for Homecoming and presented "The Courtship of Eddie's Father" as their Junior Class Play.

The students themselves are like any other class in the school. They survive the weeks by planning and looking forward to the weekends.

Class of '75 meets problems in stride

The tenth grade will be the first graduating class to complete their three years of senior high with the trimester system.

Inflation seems to be hitting the sophomore class rather hard. They found that they need as much as $1500.00 to put on just an average prom. To help raise money, classmates sold candy which turned out to be very profitable. Something else the sophomores were very proud of was their bonfire. This turned out beautifully-the first in three years.

New look at life

ROW 1: Steve Mumm, Janice Nelson, Sheila Nelson. ROW 2: Wesley Nelson, Wayne Osmundson, Ron Peterson. ROW 3: Kathy Phillips, Brad Randall, Barb Swearingen.

The ninth grade have found new horizons opened up to them. Their class began to come out of their cliques and get together as a group. They were permitted to go to dances and to date legally. A comment was, "We began to experience life, and teachers looked at us more like adults."

The pride of the ninth grade was their valentine's candidates being chosen as prince and princess. This made the grade as a whole feel more grown up.

ROW 1: Peter Bedker, Jim Borchert, Marlys Bremer, Jeanne Brown. ROW 2: Steve Bunn, Pam Busho, Marilyn Christensen, Rhonda Christensen. ROW 3: John Conklin, Jodie Cromwell, Renae Cromwell, Laura Dahlke.

The seventh and eighth graders had one of their first dances this year and unfortunately probably their last. Eighth grader's haven't had much excitement this year. When asked an eighth grade opinion was, "Nothing has gone on, it's been dead." Being they have no selection academically their classes also seemed rather dull.

The activities they were in were their successes. New cheerleaders were chosen and athletes gained experience for future years.

Seventh graders find it easier to run than walk

CLASS OFFICERS, Treas. -Julie Vanden Heuvel, Pres. -Kelly Bryant, V-Pres. -Mary Langlie, Sec. -Cindy Sloan.

Seventh graders are astonished at how fast the pace of high school moves—so they run to keep up to it. Many new opportunities have been opened up to them. The seventh graders have been allowed to participate in girls and boys athletics, Jr. FHA, Jr. GRA, and Jr. Chorus.

It seems the seventh graders have come in contact with all upper classmen and they themselves have the bruises to prove it.

Young students develop more individual ability

The fifth and sixth graders had an exciting and busy year. They took a field trip in the fall to observe the wildlife. They participated in the Homecoming Parade, and held a mock election where Nixon won.

Mankato also offered our younger students some enjoyment. They took a field trip here to see some moon rocks. Two of their most gratifying experiences were, singing in the Christmas Concert and watching the Mankato Patchwork players. A new English program was designed which allows students to work at the individuals own speed.

FOURTH GRADE

"BEES"

I saw a bee
In a tree,
I really didn't know
he would sting me.

The bee was behind me,
I really didn't know
Because he was not buzzing,
That's why I didn't know.

THIRD GRADE

New experiences heighten curiousity

One of the third grade highlights was to learn how to write. Their other studies consisted of social studies, mathematics, reading, health, and science. Socially they had a very prospective year. They presented their favorite stories to friends, and performed a puppet show for their mothers.

The fourth grade curriculum is simular to any-reading, writing, and arithmetic. Something different this year was the election they held. All elementary voted while the fourth grade pupils served as town board members in the voting booths. This was done for their unit in political science. Cultures were also studied; where they ate rice with chopsticks and made lefse.

SECOND GRADE

Happy, uncertain faces look forward to a better education

The first and second grades begin on a trial and error basis--especially the first grade. Such things as discipline, cleanliness, manners, sharing, responsibility, and the techniques of studying are taught. These seem to be learned in the above order and also on a trial and error basis.

School begins at 8:45 for these students because they are bussed to Geneva where they can be better accommodated. These students will be facing a more difficult world, but are being prepared for it through an extremely well-rounded education.

Organization develops

The Minnesota School Safety Patrol is a community organization of boys and girls over nine years of age who assist schoolmates in safely crossing streets and highways in Minnesota. There are about 40,000 members of the school safety patrol in the state, and they watch over a majority of the students of the public, private and parochial elementary schools. This also includes assisting the students who ride school buses. They have performed in a rewarding fashion. During the 50 years of protection by school safety patrols not one life has been lost at a crossing guarded by a patrol member.

The school safety patrol program was first introduced in St. Paul in 1920. The Ellendale-Geneva School Safety Patrol is co-sponsored by the Elementary Department and the American Legion.

The 5th Grade Band is the first organized instrumental ensemble that these young instrumentalists perform in. The band is organized to give the beginning student the experience of playing together. This group meets once a week for 40 minutes and works to overcome the basic problems of counting, rhythm, pitch, tone, and harmony. Besides one full ensemble practice per week, each 5th grade student has an individual or small group lesson each week.

Lloyd-
The best of luck to the greatest football player in the 6th grade! (Keep up the good work!)
Remember to have fun in your school days cuz they go by awful fast! Take care of this place when we're gone!!
God Bless Ya
Love,
Terri Lynn "74"

Lloyd, remember the old days when we were men and boys? Well anyway it was something like that. Be good and when you graduate remember those good old days at E.H.S. & you don't forget - Be good and have fun.

Hey;

Well you sweetheart you are a big sophmore now! Wow!! You are really a great guy & I think alot of you. Remember all the good times we have had & will have in the future. (Hope) You can forgett the bad you have my permission. Remember when you wouldn't talk to me half the time & the time I burnt you with my cig. They were all the times. Some night we are going to have to go out and get bombed out of our minds o.k? Be good & you'll go far. Love Always
